 **OMEGA ELEVATOR, S.A.** es un fabricante de ascensores eléctricos e hidráulicos desde el año 1989. Dispone de una fábrica en VITORIA (España) de 9000 m² de área productiva, y con una experiencia técnica y de diseño con aplicación en rango internacional.

OMEGA es hoy uno de los líderes europeos en diseño, fabricación, comercialización, instalación, mantenimiento y modernización de sistemas de transporte vertical para todos los segmentos de ascensores y escaleras mecánicas.

OMEGA realiza la fabricación completa del ascensor, así como de componentes, todos ellos con tecnología propia, tanto mecánica, como eléctrica y electrónica e hidráulica.

Su capacidad productiva es de 2000 ascensores completos al año, disponiendo de modernos procedimientos productivos y de control de calidad, produciendo ascensores residenciales y comerciales a precios competitivos, así como, ascensores de alto standing de velocidades hasta 4 m/s.

Un gran equipo técnico colabora en este proyecto, trabajando en el desarrollo de las mejores soluciones posibles hoy en el mercado mundial. OMEGA apuesta por la calidad y el servicio en el pasado, presente y futuro.

Estamos seguros de que quedará satisfecho.

 **OMEGA ELEVATOR, S.A.** is a manufacturer of both hydraulic and electric traction Lifts based in Vitoria, Spain since 1989. We have a 9000 m² manufacturing plant with all the technical and design knowledge necessary to complement an international range of elevator products.

OMEGA is rapidly becoming one of Europe's most successful suppliers of new lift products and modernisation equipment for both elevators and escalators alike.

OMEGA manufactures many of the components both mechanical and electrical, as well as, the electronics for the control systems. Also much of the hydraulics is of our own manufacture.

Our annual productive capacity is around 2000 lifts per year featuring modern production processes coupled with a high level of quality control. All of this in producing both commercial and residential lifts at competitive prices with the options of high speed elevator systems offering speeds up to 4 m/s.

We have a large technical team working on developing the best possible solutions for lift products in today's global market and it is with this in mind that you can be assured of OMEGA's commitment to quality and service for the future.

We are sure you will be satisfied with an Omega Elevator.

 **OMEGA ELEVATOR, S.A.** est un fabricant d'ascenseurs électriques et hydrauliques depuis l'année 1989. On dispose d'une usine en Vitoria (Espagne) de 9000 m² de surface de production et d'une expérience technique et de dessin avec application dans le rang international.

OMEGA est aujourd'hui un des leaders européens dans la conception, fabrication, commercialisation, installation, maintenance et la modernisation des systèmes de transport vertical pour tous les segments d'ascenseurs et d'escaliers mécaniques.

OMEGA réalise la fabrication complète de l'ascenseur, ainsi que des composants, tous avec technologie propre, à la fois mécanique, électrique, électronique et hydraulique.

Sa capacité de production est de 2000 ascenseurs complets par an, en disposant de modernes procédés de production et de contrôle de la qualité, et produisant les ascenseurs résidentiels et commerciaux à des prix compétitifs, ainsi que des ascenseurs de haut standing en vitesses jusqu'à 4 m/s.

Une grande équipe technique collabore sur ce projet, en travaillant sur le développement des meilleures solutions possibles dans le marché mondial d'aujourd'hui. OMEGA se poste par la qualité et pour le service dans le passé, le présent et le futur.

Nous sommes sûrs que vous serez satisfait.

 **OMEGA ELEVATOR, S.A.** é um fabricante de elevadores elétricos e hidráulicos desde do ano de 1989. Dispõe de uma fábrica em VITORIA (Espanha) de 9000 m² de área para produção, e conhecimentos técnicos e de projetos, com aplicação em nível internacional.

OMEGA é hoje um dos líderes europeus em projeto, fabricação, comercialização, instalação, manutenção e modernização de sistemas de transporte vertical, para todos os segmentos de elevadores e escadas rolantes.

OMEGA realiza a fabricação completa dos elevadores, assim como de componentes, todos eles com tecnologia própria, tanto mecânica, como elétrica, eletrônica e hidráulica.

Sua capacidade de produção é de 2000 elevadores completos ao ano, dispondo de modernos procedimentos produtivos e de controle de qualidade, produzindo elevadores residenciais e comerciais a preços competitivos, assim como, elevadores de alta velocidade com até 4m/s.

Uma grande equipe de técnicos colabora neste intuito, trabalhando no desenvolvimento das melhores soluções possíveis hoje no mercado mundial. OMEGA aposta na qualidade e serviço no passado, presente e futuro.

Estamos seguros que ficará satisfeito.
